Agricultural Literacy Week is March 18-22, 2019

How Does Agricultural Literacy Week (ALW) Work?

In celebration of New York agriculture, volunteers throughout the state will read a book with an agricultural theme to second graders. Students and teachers will also benefit from hands-on lessons and receive follow up activities.

The book will be donated to the school or classroom library with a bookplate recognizing the donor and NY Agricultural Literacy Week. 2,000 books were donated last year while thousands of second graders participated in fun and educational activities.

Would you like to volunteer to read in a 2nd grade classroom?

To be a volunteer reader contact Monroe County Coordinator Susan Coyle by March 8 at smc226@cornell.edu for details on how & where to volunteer.

Would you like to fund the purchase of one or more books?

The books are $12 each and will be donated to the school library after being read. For details on where to send your donation, contact Susan Coyle at smc226@cornell.edu by March 8. Donors will be recognized on a special bookplate. You may choose to have your donated book sent to a specific school, or to read it yourself to your local school.

This program is proudly supported by New York State Senator Rich Funke and Monroe County Executive Cheryl Dinolfo.
