Volunteer opportunity for 4-H kids!

St. Ann's Community in Irondequoit would like to work with Monroe and Wayne County 4-H programs to bring animals in for a "mini fair" for their residents! Many of their residents enjoyed seeing a chicken brought in by Wayne County 4-H'ers and would love to see what 4-H youth are up to.

There is space for both small and large animals. This is an opportunity for 4-H youth to practice their showmanship skills and share their passion with others. The date has not yet been set, but will likely be at the end of June on an afternoon or evening. St. Ann's staff will work with interested families to determine the date and time. Please respond with interest so adequate space and time can be scheduled.

ANIMAL CRACKERS 2019

This year will feature Horses & Poultry. This event is a fantastic opportunity for youth ages 9 - 12 years-old to spend the day on the Cornell University campus, sit in a lecture hall, and participate in hands-on activities in the labs and the livestock pavilion.

It is all science all day! Watch for details coming soon [HERE](#).
