4-H Nature Printing: Exploring Nature through Art

Monroe County 4-H's Virtual Mighty Monday returns in June

Take a step outside and witness the bright botanical colors in nature that surround us. Colorful flower petals, rich green leaves and stems, plants add beauty to our landscape. Learn how to capture this beauty through printing with the 4-H team at Cornell Cooperative Extension in Monroe County!

Monroe County 4-H is offering "Nature Printing: Exploring Nature through Art," an online workshop on Monday, June 15th from 6 - 7 pm. Join educators Jessica and Lori and learn how to celebrate nature's beauty through printing. Capture the bright colors and shapes of plants onto postcards and bookmarks. Learn about the parts of a plant and processes essential to all life on earth through art.

There is a \$5 materials fee to participate in the workshop; registered participants will receive a printing kit including postcards and bookmarks on which they can display their creations. Kits will be mailed to participants. The workshop will be limited to the first 23 registrants that sign up. Youth do not need to be 4-H members to participate. The registration deadline is Monday June 10th. For more information, please visit <http://monroe.cce.cornell.edu/events/2020/05/28/4-h-mighty-monday-june-nature-printing-exploring-nature-through-art>.

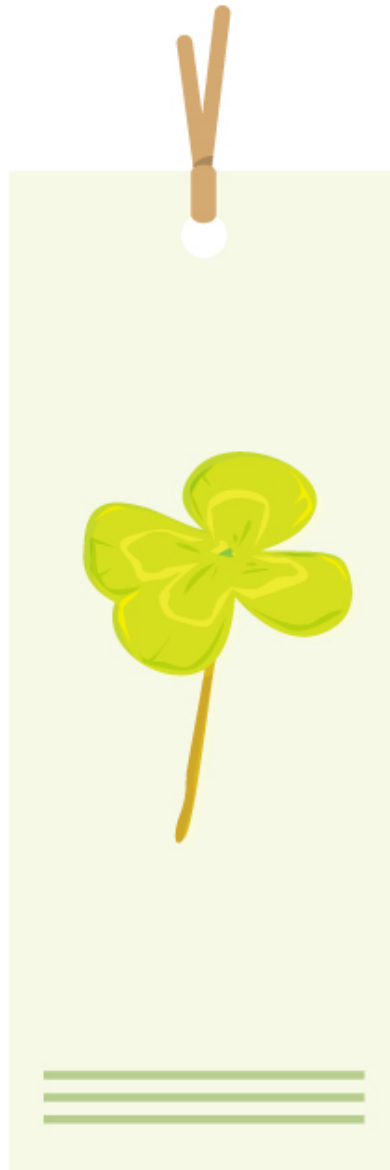

Families can register online for the June 15th workshop at https://pub.cce.cornell.edu/event_registration/main/events_landing.cfm?event=MightyMondayJune2020-2_226. After registering, registrants will receive a link to a secure Zoom meeting before June 15th. If you are unable to register because the maximum attendance has been reached, please contact Lori Koenick at lbk75@cornell.edu to be placed on a waiting list so we may gauge interest in adding another workshop.

The Monroe County 4-H Program is offered through Cornell Cooperative Extension to the youth of Monroe County. 4-H is a worldwide youth development program open to all youth ages 5 to 19, who want to have fun, learn new skills, and explore the
