### Herb Gardening

**Wednesday  
May 20th  
1:00 - 2:00pm  
Online via Zoom\***

**Presenter: Lois Breen, a Master Gardener volunteer with the Cornell Cooperative Extension of Monroe County**

Herbs can transform ordinary meals into something special! A bit of this and a pinch of that can convert a plain dinner into a feast. Incorporating herbs into your garden design adds color, fragrance, and interest to your garden landscape. They can be planted by themselves or intermixed with other vegetables and flowers.

Join us online for another free gardening workshop from the Cornell Cooperative Extension of Monroe County! Participants will learn the benefits of herb growing, from their beauty and use in cooking, to their medicinal uses and healing properties.
