

## Mendon Acres

4287 Clover Str., (rd. 65)  
Honeyone Falls, NY, 14472

If you have not met Doug Osovski, you have not met a farmer-enthusiast! Although working full time as an IT specialist, Dough spends most of his free time developing his dream farm. After the months of looking he and his wife Anne settled on 75 acres located in Mendon. The land, cultivated 3 years prior to the purchase had a well-drained, fertile soil and convenient location. Sitting at the elbow of rd. 65 and 251, it offered a

beautiful hill side view and benefits from being surrounded by a high density urbanite dwellings.

Dough has big plans for his farm enterprise. If all goes well, he would like to grow his U-pick operation, offer farm tours to the public, nursery stock for sale and have a full size farm store and regular farmers' market on sites. To sweeten the customers' experience he plans on setting up an ice cream parlor! This all footed by the background in horticulture and business.

He already opened his strawberry U-pick, this week, being the first farmer in Monroe County! And as his mid- and late-season varieties ripen up there will be more sweet fruit to come for public to enjoy!

**U-Pick**
